KHRÔMA

by MASUREEL

Luxurious Belgian Wallcoverings

*In the laboratory,
the designers subject the printing components
to different subdued lights in order to create
a genuine interplay of lights and shadows. Our goal?
To help bring a sense of well-being into your home
with the 'Agathe' wallcovering!*

Agathe

Make the walls talk through colour, design and texture!

All in perfect harmony with light.

Faire parler les murs par la couleur le dessin et la texture! Tout cela en connivence avec la lumière.

Au laboratoire les créateurs soumettent les ingrédients d'impression aux différentes lumières tamisées afin de créer un véritable dialogue du jeu « ombre et lumière ». N'est-ce pas notre but de vous aider à apporter à votre intérieur ce sentiment de bien-être avec le revêtement « Agathe ».

Die Wände sprechen lassen durch Farben durch Muster und durch Strukturen! All das in heimlichem

Einverständnis mit Licht. Die Gestalter setzen die Druckmaterialien im Atelier verschiedenen gedämpften Lichtern aus, um einen lebendigen Dialog zwischen Licht und Schatten zu schaffen. Unser Ziel ist es, Ihnen dieses Wohlfühlambiente mit der Wandbekleidung „Agathe“ nach Hause zu holen.

De muren doen spreken door middel van kleur, print en textuur! En dit in samenspel met het licht.

In het labo combineren onze ontwerpers alle mogelijke druktechnieken met verschillende lichtinvallen om zo een ware dialoog te creëren in een spel van schaduw en licht. Ons doel is om dit gevoel van welbehagen bij u thuis te brengen, met het behang 'Agathe'.

Make the walls talk through colour, design and texture!

Digital printed panel

The background, with a light structure, gives the design an extra dimension. The panels can be combined perfectly with the other items from the collection or can be used as a separate piece.

Panneau digital

Le fond intissé muni d'une structure en relief donne une dimension supplémentaire au dessin. Les panneaux peuvent parfaitement se coordonner avec les autres références de la collection ou être utilisés séparément.

Digitaldruck

Die feine Relief ergeben den Effekt einer extravaganen Dimension. Die Panele können perfekt mit der Wandbekleidung aus der Kollektion kombiniert werden oder auch einzeln zur Dekoration genutzt werden.

Digital papel tejido-no-tejido

Su fondo, con una estructura, le da al diseño una dimensión extra. Los paneles pueden combinarse con otros diseños de la colección o bien utilizarse como piezas aisladas.

Digitaal geprint paneel

Het fijne reliëf geeft de tekening een extra dimensie. De panelen kunnen perfect gecombineerd worden met andere items uit de collectie of kunnen afzonderlijk gebruikt worden.

To decorate larger walls, the design can be expanded by length or set of panels. A length can be used on its own for smaller walls.
 Pour décorer des murs plus grands, le dessin peut être étendu par panneau ou par ensemble de panneaux. Un seul panneau peut être utilisé seule pour des murs plus petits.
 Um größere Wände zu dekorieren, kann das Design durch Paneele oder Paneelsätze erweitert werden. Ein Paneel kann für kleinere Wände allein verwendet werden.
 Para empapelar paredes más anchas se pueden repetir tantos paneles como sean necesarios (el último panel casa con el primero).
 Om grotere oppervlaktes te decoreren, kan de tekening uitgebreid worden per paneel of per set. Een paneel kan ook op zichzelf gebruikt worden voor kleinere muren.

 Non woven wallcovering is a natural product, which makes it possible for colour differences to occur. This and lightfastness of some wallcoverings are more sensitive to these differences and require a thorough preparation of the foundation. Preferably, it should be a light uniform colour, or a plain covered wallcovering can be placed as a base. Plain, glossy wallcovering also requires extra care when treating the foundation, as unevenness can also be visible here. The wallcovering must instead set a product natural, resistant to eventual differences of colour. The paper panel must be cut and glued with extra care and attention. The preparation of the base is also important. The paper panel must be cut and glued with extra care and attention. The preparation of the base is also important.
